University of Florida Libraries Report

Presented by Scott Nygren

The Faculty Senate recognizes that library resources and services are crucial to our academic mission. However, our libraries have been documented as deficient when compared to top ten universities with which the University of Florida aims to compete. Therefore, the Faculty Senate asks the Administration and the Board of Trustees to formulate a policy to improve university libraries to meet the diverse and complex needs of 21st century teaching and research, and to report back within one year regarding resources and strategies to enable the libraries to achieve this goal.
