

Senate Minutes
January 18, 2007
3:00 - 5:00 P.M.
Reitz Union Auditorium

The meeting was called to order at 3:05 PM

The minutes of the December 14, 2006 meeting were approved.

▪ **Chair's Report**

Danaya Wright, Chair

Danaya Wright reported that council and committee nominations are open and will close on January 26th. Chair elect nominations will open in February and essays will be due in March. Dr. Wright also reported that each college was mailed information on Senator elections and that each college should have established a nominating committee. A request was forwarded to the President for approval of the minus grades resolution. The smoking ban will be expanded to all buildings on the main campus. The smoking ban prohibits smoking within 50 feet of entry ways to buildings. An ombudsperson was appointed at the alligator. Please talk to the ombudsperson if you have issues with the Alligator. There will be a resolution on the Academic Enhancement Program at the February Senate meeting.

▪ **President's Report**

Bernie Machen, President

Dr. Machen presented information on undergraduate admissions. The number of students enrolled has been relatively stable over the past few years. The University is considering revising the process for early decision admissions. Currently, students who are not admitted in early admissions are eliminated from further consideration. The University's concern is that by not admitting some early admissions candidates, they may be losing candidates as good as or better than those admitted during the regular admissions cycle. The revised process would allow accepted applications to rollover to be considered in the regular cycles. This issue will be discussed with the Presidential student committee. If you have ideas or suggestions for this process please send them to Dr. Machen or Dr. Fouke. There are several ongoing searches so please be involved in those searches.

GatorGradCare started in January and there are over 3,600 students enrolled. Priorities for this legislative session are compensation for faculty and staff, a request for equity funding, funding for the graduate student healthcare and the Academic Enrichment Program. The Academic Enrichment Program would fund 200 new faculty members and 100 academic counselors.

Information Items:

▪ **Alternative Transportation**

Allan Preston, Physical Plant

Allan Preston discussed various alternative transportation options on campus including the UF taxi service and the Flexcar program. (see PowerPoint presentation in this month's agenda)
