

# Presentation to the Faculty Senate on Fleet Management

Allan Preston Thursday, January 18, 2007

# Fleet Programs

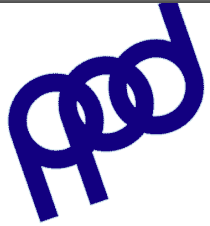

- Campus Cab Service
  - In Pilot (but expanding)
  - Free point to point transportation to UF facilities in Alachua County
- Flex Car
  - Car sharing service

# What is Flexcar?

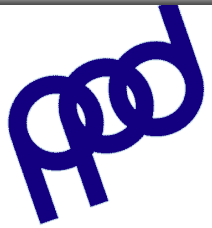

- One Big Fleet that everyone shares
  - Incredibly easy
  - On-demand
  - Self-service
  - Secure
  - Electronic scheduling and admittance to cars
- Allows many individuals and businesses to use the same vehicles.

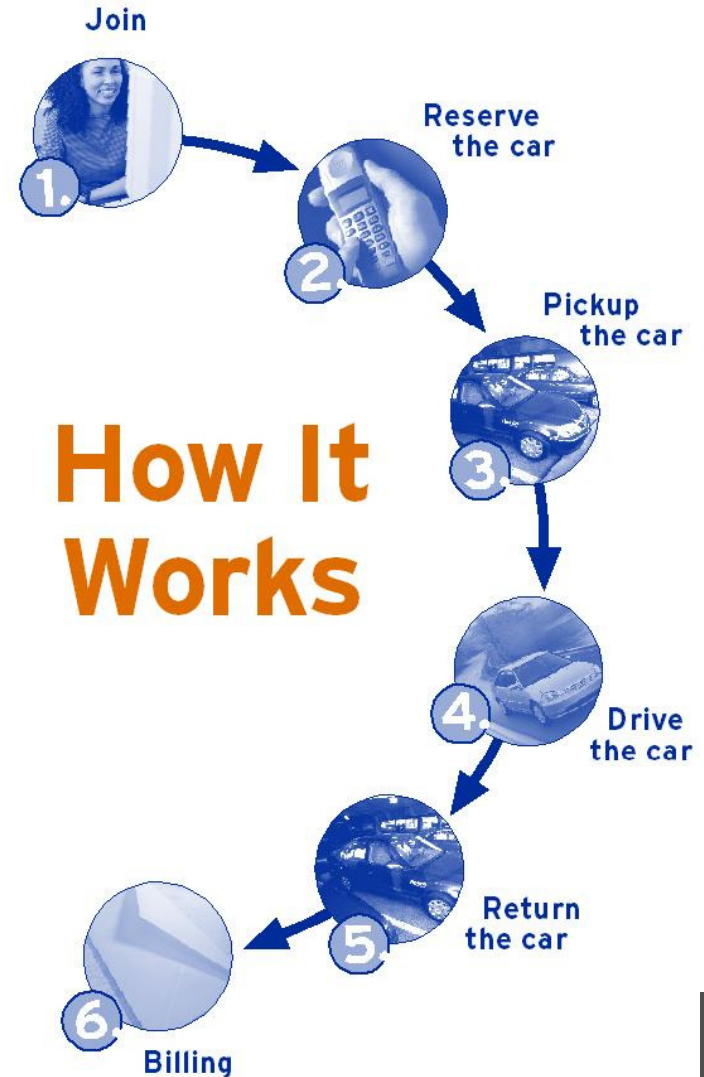

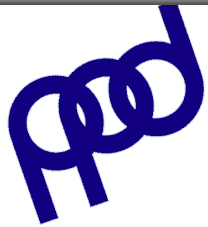

## How is Flexcar Different than Car Rental?

- **Convenient:** automated; self-service; immediate; no lines or paperwork
- **Decentralized:** many vehicles, distributed across a region
- **Incremental:** pay-as-you-drive; by the day or by the hour
- **Predictable:** rates include everything; no “surprise” charges
- **Transformative:** when combined with a downtown home, or with transit or a bicycle for commuting, car-sharing can replace private vehicle ownership

# How does Flexcar Work?

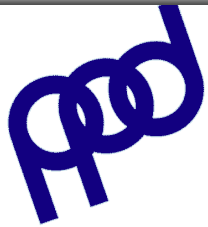

# Hundreds of Locations in 7 Cities

- Gainesville FL
- Atlanta GA
- Los Angeles CA
- Portland OR
- San Diego CA
- San Francisco CA
- Seattle WA
- Washington DC

**Car-sharing: it's transportation, simplified.**

Flexcar's modern fleet of Ultra Low Emission Vehicles and fuel-efficient hybrids is permanently parked around town and at convenient spaces near homes and workplaces; members just use them when they need them, paying only by the hour. The gasoline, car insurance, parking and maintenance are on us.

Print a copy of this page for your records.

**Add to Calendar**

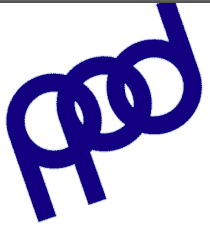

Creates a reminder on your schedule in Microsoft Outlook or other popular calendar programs.

# Vehicle Options

- New, reliable, fuel efficient
  - 2 Honda Odyssey minivans
  - 3 Honda Hybrid Civics
  - 1 Honda Element
  - 1 Toyota Tacoma Truck
  - 1 Toyota Scion Subcompact
- Professionally cleaned & maintained
- 24x7 roadside & on-call assistance

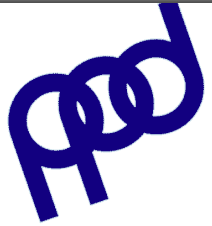

# Four "Add on" Campus Programs

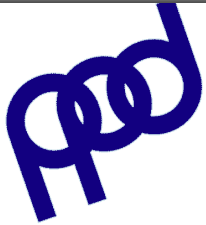

1. *Campus Car TDM*
2. *FlexFleet* Fleet Optimization
3. *FlexVan* Shuttles & Vanpools
4. *Flexcar* for Undergraduates

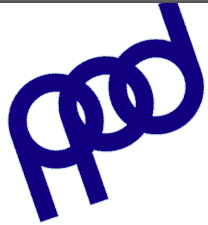

# 1. Campus Car TDM for Faculty & Staff

- Free use for qualifying alternative commuters.
- A cost-effective strategy to help reduce parking demand.
- A great strategy to kickstart a campus-wide car-sharing network.
- PSU, OHSU, UCLA, UMD, UCSD, Emory University, UCOP, University of Portland

## 2. FlexFleet Option

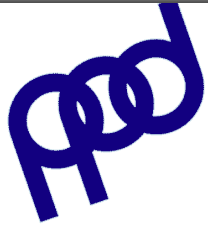

- FlexFleet technology can be installed in all of your fleet's vehicles:
  - Biodiesel, E85, CNG, etc.
  - Electric vehicles (GEM, hybrids, plug-in hybrids)
  - Large construction vehicles (backhoes, loaders, graders, etc.)

### 3. *FlexVan* Shuttle & Commuter Vans

1. Flexcar minivan shuttles between campus and light rail. University provides driver.
2. When not in use as a campus shuttle (i.e. mid-day), van is available to campus affiliates.
3. Eves & weekends – carshare van at light rail station. (UP; OHSU)
4. Can be used for traditional vanpooling, too. (UCOP; OHSU)

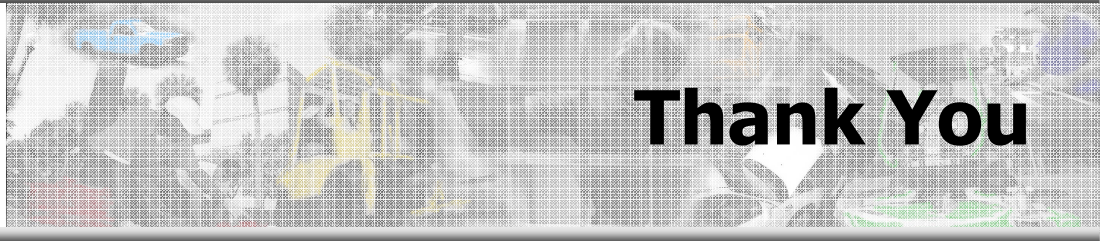

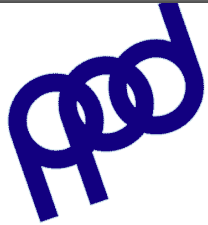

## 4. Flexcar for Undergraduates

- 18-20 year-olds
- Parental sign-off required
- “We have Flexcar available to you, leave your car at home.”
- Pilot program w/5 campuses: UCLA, UCSD, UC Berkeley, Emory, University of Maryland and University of Portland
