Called to order at 10:38 AM

The minutes of the September meeting were approved.

Jacob Chung reported that the IDC policy issue at the College of Medicine in Jacksonville has been resolved.

The council discussed the FEO draft and provided recommendations for updates to the draft.

The council suggested that 3-5 goals may be too many and recommended changing the number to 1-3 goals.

The council also questioned whether the review at the end of year two would occur in 2011 or 2010.

The council also recommended that the criteria for evaluation be available to faculty before applications are accepted to faculty know how their proposals will be reviewed.

Jacob Chung will email Kathy Long with these suggestions.

The council also reviewed the budget council's report on potential budget cuts. Council members with concerns or questions should be forwarded to David Quillen, budget council chair.

The council will follow up on how colleges are implementing the spring SCoRS resolution.

Tom Walsh will provide the council with background information on Conflict of Interest policies and intellectual property policies.

The council suggested that the next faculty survey could have a question to determine whether faculty have been informed of conflict of interest policies.

The council will look at duplication of effort in information technology and come up with a strategic plan to help research activities.

The meeting adjourned at 12:17 PM
