

**PROGRAM TERMINATION FORM**  
Board of Governors, State University System of Florida

UNIVERSITY: University of Florida

PROGRAM NAME: Agronomy and Crop Science

DEGREE LEVEL: B.S. \*CIP CODE: 01.1102  
(List type, e.g., Ph.D.) (\*Classification of Instructional Programs)

ANTICIPATED TERMINATION DATE: January 1, 2010

This is the form to be used for university requests to terminate doctoral or specialist degree programs. The request should be approved by the University Board of Trustees (UBOT) prior to submission to the Board of Governors, State University System of Florida for approval. Please fill out this form completely for each program to be terminated in order for your request to be processed as quickly as possible. Attach additional pages as necessary to provide a complete response. In the case of baccalaureate or master's degree programs, the UBOT may approve termination in accordance with Section 1001.74 (7) FS, with notification sent to the Division of Colleges and Universities. The issues outlined below should be examined by the UBOT in approving termination.

**1. Provide a narrative rationale for the request to terminate the program.**

The Bachelor's degree programs in Plant Science was revised in 1994 to include specializations in Agronomy and Plant Pathology, which eliminated the need for a separate bachelor's degree in Agronomy and Crop Science. No formal request was made at the time to terminate the Agronomy and Crop Science bachelor's degree. This request is to correct that oversight.

**3. Indicate on which campus(es) the program is being offered and the extent to which the proposed termination has had or will have an impact on enrollment, enrollment planning, and/or the reallocation of resources.**

The program is no longer being offered. No students have graduated from the program in the last decade. The program was only offered on the Gainesville campus. Students with an interest in Agronomy can complete the Agronomy specialization of the bachelor's degree in Plant Science.

PROGRAM TERMINATION FORM (PAGE 2)

4. **Provide an explanation of the manner in which the University intends to accommodate any students or faculty who are currently active in the program scheduled to be terminated. State what steps have been taken to inform students and faculty of the intent to terminate the program?**

There are no students active in the program. Agronomy faculty still teach courses in the department and advise undergraduate students in the Plant Science bachelor's program. There continues to be an active graduate program in Agronomy.

5. **Provide data (and cite source) on the gender and racial distribution of students and faculty. For faculty also list the rank and tenure status of all affected individuals.**

No students have been in the program for the last decade. No current faculty are affected by this action.

6. **Identify any potential negative impact of the proposed action on the current representation of females, minorities, faculty, and students.**

No students have been in the program for the last decade. No current faculty are affected by this action.

Board of Governors, State University System of Florida

UNIVERSITY: University of Florida

PROGRAM NAME: Dairy Science

DEGREE LEVEL: B.S. \*CIP CODE: 01.0905  
(List type, e.g., Ph.D.) (\*Classification of Instructional Programs)

ANTICIPATED TERMINATION DATE: January 1, 2010

This is the form to be used for university requests to terminate doctoral or specialist degree programs. The request should be approved by the University Board of Trustees (UBOT) prior to submission to the Board of Governors, State University System of Florida for approval. Please fill out this form completely for each program to be terminated in order for your request to be processed as quickly as possible. Attach additional pages as necessary to provide a complete response. In the case of baccalaureate or master's degree programs, the UBOT may approve termination in accordance with Section 1001.74 (7) FS, with notification sent to the Division of Colleges and Universities. The issues outlined below should be examined by the UBOT in approving termination.

**1. Provide a narrative rationale for the request to terminate the program.**

The Bachelor's degree programs in Animal Science, Dairy Science and Poultry Science were merged into a single bachelor's degree in Animal Sciences in 1997. No formal request was made at the time to terminate the Dairy Science bachelor's degree. This request is to correct that oversight.

**3. Indicate on which campus(es) the program is being offered and the extent to which the proposed termination has had or will have an impact on enrollment, enrollment planning, and/or the reallocation of resources.**

The program is no longer being offered. The last bachelor's degree in Dairy Science or Poultry Science was awarded in 1999-2000. The program was only offered on the Gainesville campus. Students with an interest in Dairy Science can complete the Animal Industry-Dairy option in the Animal Sciences program.

REVISED 5/2005

**PROGRAM TERMINATION FORM**  
Board of Governors, State University System of Florida

UNIVERSITY: University of Florida

PROGRAM NAME: Poultry Science

DEGREE LEVEL: B.S. \*CIP CODE: 01.0907  
(List type, e.g., Ph.D.) (\*Classification of Instructional Programs)

ANTICIPATED TERMINATION DATE: January 1, 2010

This is the form to be used for university requests to terminate doctoral or specialist degree programs. The request should be approved by the University Board of Trustees (UBOT) prior to submission to the Board of Governors, State University System of Florida for approval. Please fill out this form completely for each program to be terminated in order for your request to be processed as quickly as possible. Attach additional pages as necessary to provide a complete response. In the case of baccalaureate or master's degree programs, the UBOT may approve termination in accordance with Section 1001.74 (7) FS, with notification sent to the Division of Colleges and Universities. The issues outlined below should be examined by the UBOT in approving termination.

**1. Provide a narrative rationale for the request to terminate the program.**

The Bachelor's degree programs in Animal Science, Dairy Science and Poultry Science were merged into a single bachelor's degree in Animal Sciences in 1997. No formal request was made at the time to terminate the Poultry Science bachelor's degree. This request is to correct that oversight.

**3. Indicate on which campus(es) the program is being offered and the extent to which the proposed termination has had or will have an impact on enrollment, enrollment planning, and/or the reallocation of resources.**

The program is no longer being offered. The last bachelor's degree in Poultry Science or Dairy Science was awarded in 1999-2000. The program was only offered on the Gainesville campus. Students with an interest in Poultry Science can complete the Animal Industry-Safety and Processing of Meat and Poultry option in the Animal Sciences program.

PROGRAM TERMINATION FORM (PAGE 2)

4. **Provide an explanation of the manner in which the University intends to accommodate any students or faculty who are currently active in the program scheduled to be terminated. State what steps have been taken to inform students and faculty of the intent to terminate the program?**

There are no students active in the program. Remaining Poultry Science faculty still teach courses in the department and advise students in the Animal Industry-Safety and Processing of Meat and Poultry option of the undergraduate major in Animal Sciences.

5. **Provide data (and cite source) on the gender and racial distribution of students and faculty. For faculty also list the rank and tenure status of all affected individuals.**

No students have been in the program for the last decade. No current faculty are affected by this action.

6. **Identify any potential negative impact of the proposed action on the current representation of females, minorities, faculty, and students.**

No students have been in the program for the last decade. No current faculty are affected by this action.
