1.   **Provide a short rationale for inactivation of the program.**

This real estate undergraduate major was last conferred in Spring 2001. However, the Warrington College of Business has a very robust minor in real estate (www.registrar.ufl.edu/catalog/programs/minors/realestate.html) as well as a master's level program (warrington.ufl.edu/fire/programs/msre). Accordingly, we'd like to request inactive status as opposed to sun setting the undergraduate major. Our faculty will conduct systematic reviews (e.g., every seven years in conjunction with BOG reviews) in order to assess the feasibility of adding the undergraduate major tot he successful undergraduate minor and master's level programs.

2.   **State what steps have been taken to inform native and, in the case of baccalaureate programs, transfer students from the Florida College System of the intent to halt enrollments?**

These notifications were made some time ago.

3.   **For baccalaureate programs, state if the program needs to be flagged as inactive in the Common Prerequisite Manual and in other articulation tools.**

Yes. That would be helpful.
